

Participant Rope Access Course Responsibilities Verification

I attest that I understand the following:

SPRAT Written Test

- The written test must be taken no more than ten days prior to participation in a rope access evaluation.
- If I do not pass the SPRAT written test, I can still participate in the SPRAT evaluation, that I will have one attempt to re-take the SPRAT written test, and that I am required to complete the written test within 60 calendar days of the SPRAT rope access evaluation.
- If I fail the written test for a SECOND time, I will have to redo the written test and SPRAT rope access evaluation.
- There are fees charged by AccessRescue to re-take the SPRAT written test (\$100.00).

SPRAT Rope Access Evaluation

- I am responsible for the outcome of my SPRAT rope access evaluation.
- If I do not agree with the outcome of my SPRAT rope access evaluation, I have the right to appeal the decision to SPRAT.
- I must complete all requirements for my desired level of certification during one rope access evaluation.
- I am eligible to only participate in one rope access evaluation per day.
- A SPRAT rope access evaluation at AccessRescue may not be available immediately following my evaluation and my placement in a subsequent rope access evaluation session is subject to availability.
- There are fees charged by AccessRescue to re-take the SPRAT rope access evaluation (\$595.00). This does not include ANY additional training or practice time prior to the re-evaluation session.

SPRAT Certification

- The SPRAT certification is issued by SPRAT.
- That SPRAT will send, directly to me, an ID card and logbook (logbooks are not sent to previously SPRAT certified technicians) and that I will contact SPRAT regarding receipt of these materials.
- That I am responsible for providing SPRAT with a valid email address, valid physical delivery address for delivery of an ID card, and logbook (logbooks are not sent to previously SPRAT certified technicians).
- That if I do not receive an ID card and log book (logbooks are not sent to previously SPRAT certified technicians) within 60 days of the successfully completed SPRAT rope access evaluation session, I shall contact SPRAT at info@sprat.org.

- I am responsible to wear a suitable facemask for the entire duration of the course and evaluation session.

Print Name _____

Participant Signature _____

Date _____

This is to be checked and signed prior to a SPRAT Evaluation session:

- I understand all of the above and verify that I am prepared to take the SPRAT Evaluation

Date _____
